

Jake finds it difficult to interact and establish connections so he can pursue a relationship. This makes him feel frustrated, sad, and upset.

1

DOWNLOAD iMeet on the Appstore!
Never worry about being lonely again! Find the right one for you!

While Jake was walking home from a party, he came across an ad on a poster outside. The poster promotes a new app, iMeet! This app allows you to connect and establish relationships with others

2

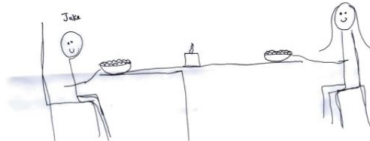

Jake heads home and downloads iMeet. He sets up his profile and sees in the bottom right corner of his phone that 100 people are already messaging him, wanting to establish a relationship!

3

Jake uses the app he just downloaded and sets up a date with a female named Carly!

4

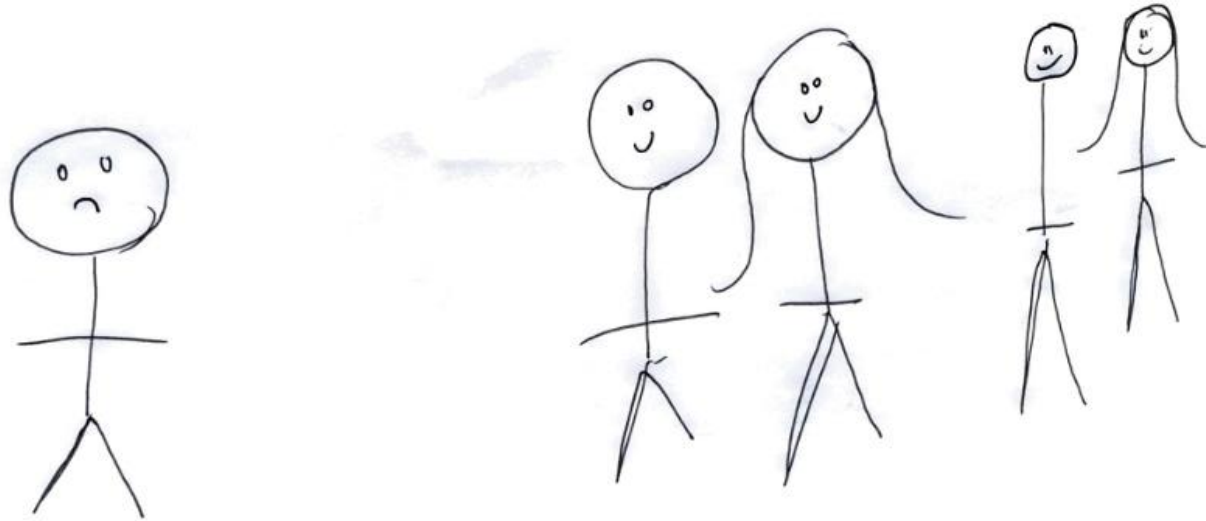

Jake and Carly go on the date that they set up via iMeet. They learn that they are interested in each other and decided to pursue a relationship! The date was a HUGE success!

5

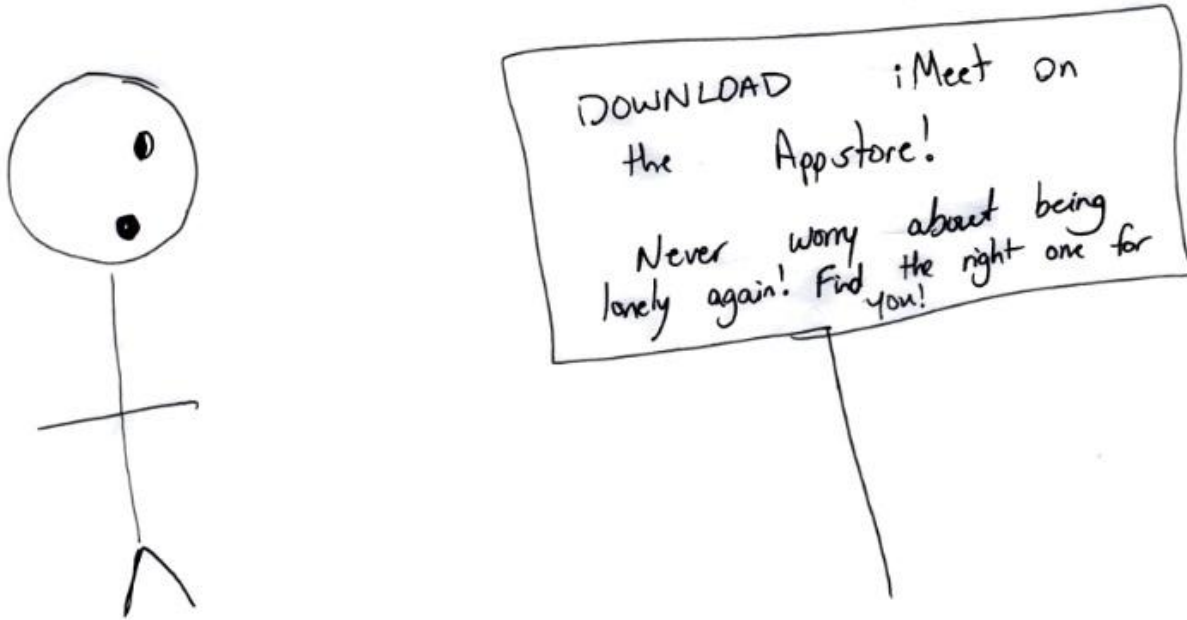

Thanks to iMeet, Jake found a significant other! Jake and Carly now have a family and a house! They couldn't be happier!

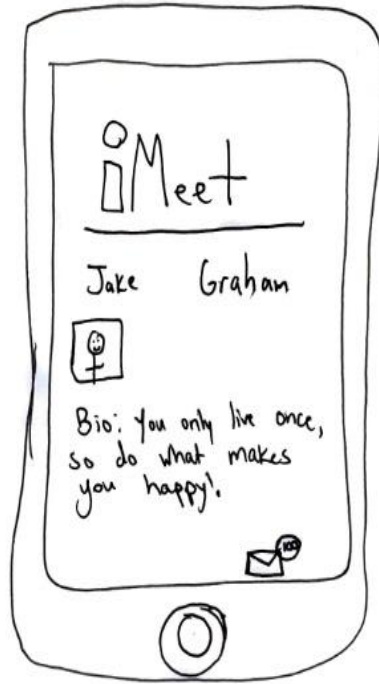

6
